

Recording the video

- Record your performance in one continuous take of each music. Post-processing of the sound and/or image is prohibited. Edit all three into one video. The final video must not have any other edits.
- The video must be filmed from the front of the candidate and so that displays the candidate at all times. The maximum distance between the candidate and the camera should be 8 m.
- Record your performance using the highest available sound quality.

Submitting the video

- Upload your complete performance video to YouTube
- Please make sure that the video is accessible via link without a password. Choose "Unlisted" as privacy setting!
- Include the video link in the online application form.
